

## **Welcome to Southern Gateway Visitors Centre**

**We know that we have a great location and also a captive market of tourists and locals who are constantly passing our door. About 60,000 people pass through our complex each and every year. We can help visitors decide on their next stop, talk to them about your product and then arrange their bookings for them.**

**To tell you a little about ourselves, Salmon Tales Cafe opened in 2006 with the complex undergoing some major changes this year with the addition of Salmon World, a freshwater aquarium and our 4D Movie Ride. Onsite we also have an Arts and Crafts shop which frequently runs markets throughout the summer.**

**And of course our Visitors Centre, which has been open since 2006. Currently this is a self help area, but there is always knowledgeable staff available to give assistance when needed and we are currently working towards becoming an official information and booking centre.**

**The centre is open daily from 8.00am – 5.00pm and we are situated on State Highway 1 in Rakaia – just 40 minutes south of Christchurch.**

**Due to the changes Southern Gateway Visitors Centre has made and the increase in numbers the complex is experiencing due to our new and very popular attraction as of September 2010 we are introducing an annual brochure display subscription fee. This is going to be \$60.00.**

**To get your brochure in front of all of these potential customers simply complete and return the following form. We will then send through an invoice for the subscription which needs to be paid prior to 30 September 2010. We then require you to supply us with brochures.**

**Please do not hesitate to get in touch with me if you require any further information.**

**Kind Regards,  
Penny Koroï  
Retail and Tourism Manager**
